FFT KS1 2023 Analysis

Overview

As part of this year's early results service, FFT have produced a provisional national analysis of KS1 results. Based on pupil data uploaded by schools, the report includes an analysis of Teacher Assessments and where provided, KS1 Scaled Scores.

Additionally, FFT is showing your Y2 Attendance figures, drawn from FFT's Attendance Tracker, alongside your Attainment with corresponding nationals.

Analysing your reports

This is a provisional evaluation of results. As with all data of this type, care should be taken when analysing your results. A full analysis of KS1 results will be available in FFT Aspire during the next academic year.

Your analysis consists of a number of interactive reports accessed from the top menu:

Pupil Groups Attainment and Attendance:

Nat. diff is calculated on a 'like for like' basis.

Figures for pupil group attendance is generated by aggregating the attendance of individual pupils in that group

Interactive scatterplot

Interactive scatterplot of pupil's Scale Score attainment against their attendance. Hovering over a point reveals the pupil's details, outcome and attendance.

Classes:

This report analyses your Scaled Scores

The report has a number of filters which can be applied to the report as well as showing, for multi form entry schools, the performance of individual classes.

Here group attainment and attendance figures are compared to the overall FFT Nationals for Y2.

Ethnicity:

Use the filters to display either the Main; Sub-category or Extended ethnicity codes.

Pupil Lists:

This can be downloaded as a PDF document or into Excel. Use the filters to focus on the pupils in specific group(s).

Individual Pupils:

By using the 'Select pupil' dropdown an individual pupil's record can be displayed. This report combines the pupil's context, performance and attendance.

Coloured markers

Attainment:

Positive differences are shown by green; negative by red.

2 (pale colour) or 4 (dark colour) scaled score points above or below national.

Attendance:

Below 95% attendance red; above 95% attendance green. The darker the colour the further away from 95%.

Questions:

1. How does your attainment compare to FFT national?
2. How has your attendance impacted upon on the performance in your school?
3. Are there any key groups; gender; FSM6; SEND or Ethnicity that warrant further investigation?
4. How does the attendance of these groups compare to the national equivalents?
