

FFT Phonics Check 2023 Analysis

Overview

As part of this year's early results service, based on school uploads, FFT have produced a provisional national analysis of Phonics Check outcomes.

Additionally, FFT is showing your Y1 Attendance figures, drawn from FFT's Attendance Tracker, alongside your Attainment with corresponding FFT nationals.

Analysing your reports

This is a provisional evaluation of results. As with all data of this type, care should be taken when analysing your results.

Your analysis consists of a number of interactive reports accessed from the top menu:

Summary Report:

School and FFT National headlines alongside school and national Y1 attendance.

FFT nationals are generated from schools who provided us with their Phonics data

Pupil Groups Attainment and Attendance:

Nat. Diff. is calculated on a 'like for like' basis in these sections on the summary report

Figures for pupil group attendance is generated by aggregating the attendance of individual pupils in that group

Interactive scatterplot:

Interactive scatterplot of pupil's Phonics score against their attendance or birth month. Hovering over a point reveals the pupil's details, outcome and attendance or birth month.

Classes Report:

This report analyses your Phonics scores

The report has a number of filters which can be applied to the report as well as showing, for multi form entry schools, the performance of individual classes.

Here group outcomes and attendance figures are compared to the overall FFT Nationals for Y1.

Ethnicity Report:

Use the filters to display either the Main; Sub-category or Extended ethnicity codes.

Pupil Lists:

This can be downloaded as a PDF document or into Excel. Use the filters to focus on the pupils in specific group(s).

Coloured markers:

Attainment:

Positive differences are shown by green; negative by red.

2 (pale colour) or 4 (dark colour) points above or below FFT national.

2% (pale colour) or 4% (dark colour) above or below FFT national.

Attendance:

Below 95% attendance red; above 95% attendance green.

The darker the colour the further away from 95%.

Questions:

1. How does your Phonics outcomes compare to FFT national?
2. How has your attendance impacted upon on the performance in your school?
3. Are there any key groups; gender; FSM6; SEND or Ethnicity that warrant further investigation?
4. How does the attendance of these groups compare to the national equivalents?
