School dashboard: Pupil overview

What does the report show?

The report provides estimates of individual pupil performance in the elements of the DfE's Attainment 8 measure. The number of entries or slots filled, for the Ebacc and Open elements, are also estimated for each pupil. Moving the challenge slider allows modelling of estimates, based on how similar pupils have performed nationally at different FFT progress points: Average FFT50 (50th percentile), High FFT20 (20th percentile) and Very high FFT5 (5th percentile).

Navigation

The Pupil overview and the Year group overview report currently make up the School dashboard. Click on a tab to change report.

Estimate models

No national KS2 assessments in 2020 and 2021 has resulted in prior attainment gaps. FFT have therefore provided multiple estimate options, within the report – KS1, KS2, CAT4. Click ⓘ to view the default models for each year group. Those are the models you will most likely have benchmark estimates for.

Indicator breakdown

The chart shows aggregated estimates across the key stage, year group, teaching group and/ or pupil group. Use the Show English & Maths indicators and the Show Attainment 8 indicators switch to change the indicators displayed in the chart.

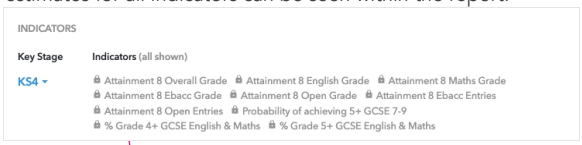
Challenge slider

Move the challenge slider to explore challenging and realistic benchmarks. As the level of challenge increases from FFT50 to FFT20 to FFT5, the estimate values will increase.

For more information on how FFT benchmarks are calculated and our 3 challenge levels, watch a short video here.

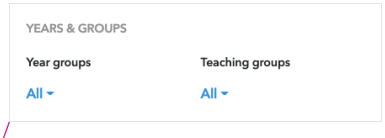
Indicators

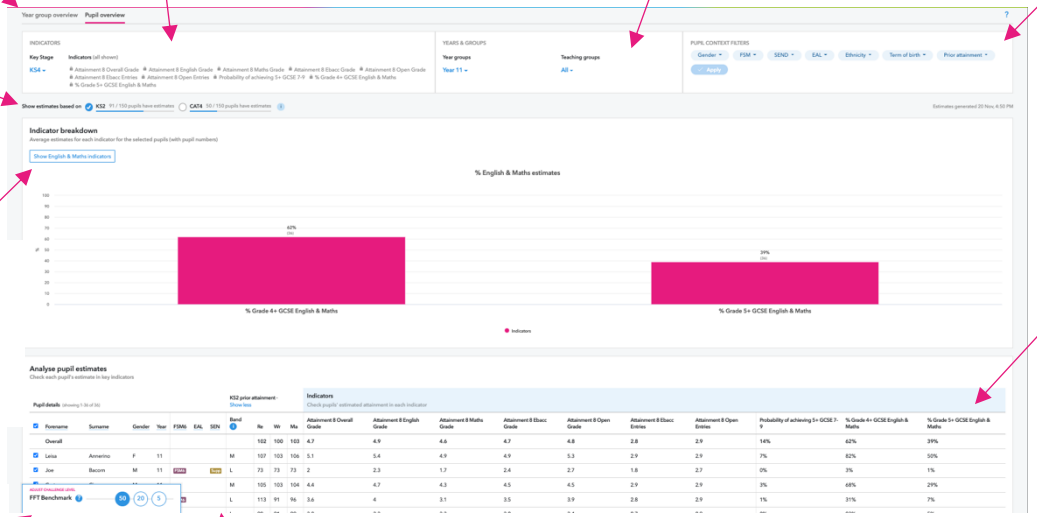
The indicators available in this report are displayed here. These include the full range of Attainment 8 indicators, Attainment 8 entries, Grades 4+ & 5+ in English & Maths and the possibility of achieving 5+ GCSE grades 7-9. No selections are required as the estimates for all indicators can be seen within the report.



Years & Groups

Select your year group(s) and/ or teaching group to view their benchmark estimates.





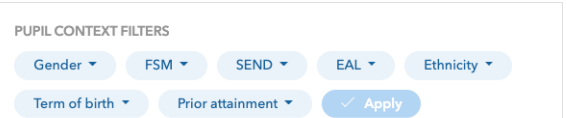
Check context & prior attainment

Quickly identify FSM6, EAL, SEN Pupils. You can sort ⇅ on these pupil factors to bring pupils with similar characteristics together and analyse their estimates.

The prior attainment displayed will reflect your chosen estimate model – KS1, KS2 or GL CAT4 tests. Click ⓘ within the report to see how the associated bands have been derived.

Pupil Context Filters

Filter individual pupil groups or a combination of groups and we will recalculate the whole report focused those specific groups of pupils. Once applied, the filter selections made can be seen & cleared from above the chart.



Indicators

Shows each pupil's estimated attainment across the full range of indicators:

Attainment 8 grades (9-1 scale): estimated outcomes for each element of Attainment 8 – Overall, English, Maths, Ebacc and Open.

Attainment 8 Overall Grade	Attainment 8 English Grade	Attainment 8 Maths Grade	Attainment 8 Ebacc Grade	Attainment 8 Open Grade
4.9	5.2	4.8	5	5.1

Attainment 8 entries: estimated number of entries for Attainment 8 Ebacc and Open elements.

Attainment 8 Ebacc Entries	Attainment 8 Open Entries
2.8	2.9

Threshold indicators: Percentage chances of pupils attaining grade 4+ in English & Maths, grade 5+ in English & Maths and the possibility of achieving 5+ GCSE grades 7-9.

Probability of achieving 5+ GCSE 7-9	% Grade 4+ GCSE English & Maths	% Grade 5+ GCSE English & Maths
17%	68%	46%
